December 2025

DIY Day

A big thank you to the parents who helped assemble the newly designed dens. The children have loved using them, and adding to these bases has been incredibly exciting for everyone.

Over the course of the year, we will be helping to raise funds for the pond, and we are keen to get things moving. If you are free on

Friday 16th January at 3:15pm,

we will be getting stuck in down at the pond area, de-weeding and cutting back the overgrown hedgerows.

If you can spare anytime to help with this, please come along ready to get grubby! Your children will be welcome to stay in Extended Day free of charge whilst you are helping.

SAVE THE DATE

Thursday 12th February 2026

We are very excited to announce that we will be having another OPAL Disco on **Thursday 12th February 2026.**

This event will help raise funds for the school pond. A letter with all the details will be sent out when we return to school, after Christmas.

Our BIG Ask

If you have any old, unused, or non-working electrical items such as keyboards, iPads, tablets, digital cameras, or mobile phones we would love to have them.

Wet Weather Clothing

Even though the sun has been shining, we know that the weather can change very quickly and it has been very cold. Please remember to send your children into school with the appropriate wet weather clothing and accessories to keep them warm and dry.

Can we also ask that children have a spare pair of socks and/or tights in their bags for any wet feet!

Thank you again for all your continued support. We want to wish you all a very Merry Christmas and a Happy New Year.
