## Set Square

| 9 | $\times$ | 4 | + | 5 | $=41$ |
| :---: | :---: | :---: | :---: | :---: | :---: |
| + |  | $x$ |  | + |  |
| 3 | + | 8 | + | 2 | $=13$ |
| $\div$ |  | + |  | $\div$ |  |
| 6 | $\div$ | 1 | + | 7 | $=13$ |
| $=$ |  | = |  | = |  |
| 2 |  | 33 |  | 1 |  |

Place one of each of the digits 1 to 9 in each grid to make the number sentences work.

Some numbers have been put in to get you started.

Number sentences should be solved from left to right and from top to bottom.

Set Square

| 4 | $\times$ | 6 | $\div$ | 1 |
| :---: | :---: | :---: | :---: | :---: |
| + |  | $\div$ |  | + |
| 8 | + | 2 | $\div$ | 5 |
| - |  | + |  | $\div$ |
| 7 | $\times$ | 9 | - | 3 |$=6$

> Place one of each of the digits 1 to 9 in each grid to make the number sentences work.
> Some numbers have been put in to get you started.
> Number sentences should be solved from left to right and from top to bottom.
